

SYSTEMS

Generated on 22-05-2012

Eurotech Aluminium Castings as a system supplier builds complete modules and machines. These are often delivered directly to the end customer of Eurotech Aluminium Castings following a thorough in-house test. For the mounting, Eurotech Aluminium Castings has an ESD safe assembly room and a clean room for dust-free assembly.

Eurotech Aluminium Castings takes care of the entire production, purchasing, logistics, assembly and final testing of the modules. Eurotech Aluminium Castings is also responsible for the product development for many of the modules. For the items purchased, Eurotech Aluminium Castings has an extensive international network of specialist suppliers. Suitable parts for this are supplied by the sister company [Pezag](#) in the Czech Republic.
